NEW Product Spotlight

Cambridge Cobble[®] Overlay

30mm Cambridge Cobble Overlay creates the classic look of cobbled stone with the option to overlay existing concrete. With the use of Techniseal[®] DriBond dry mudset, completely transform an existing driveway, walkway, patio or pool deck without the hassle and expense of removing the existing concrete substrate. Before you know it, you'll have a completely renovated space with the tailored lines of Cambridge Cobble pavers, which offers a smooth pillowtop surface in a 3-piece modular system.

DRiBOND[™] can be installed quickly and easily over most sound concrete surfaces.

Please refer to page 136 for more information.

CAMBRIDGE COBBLE®

PAVERS / OVERLAYS

The versatile Cambridge Cobble offers a tailored, architectural look with gently rounded corners and a domed pillowtop surface. The subtle color combinations and multiple pattern options make it ideal for crafting intricate designs.

PERMEABLE PAVERS

Be Water Wise & House Proud.

ELIMINATE STANDING WATER,

reduce erosion and lower water demand with Belgard® Permeable Pavers. Our permeable pavers allow the movement of stormwater through the surface, reducing runoff and improving water quality by filtering pollutants.

BENEFITS TO HOMEOWNERS

- Eliminate standing water and improve drainage.
- More beautiful and durable than conventional paved surfaces.
- Can include a heating system to eliminate snow and ice build-up.
- Can include a water-harvesting system to recycle stormwater for irrigation.

BENEFITS TO COMMUNITIES

- Filter water back underground to recharge local groundwater supplies.
- Clean pollutants from stormwater to improve water quality of nearby lakes and rivers.
- Reduce demands on local storm drains.
- Reduce water used for irrigation.

Tandem[®] Wall

The Tandem family of products is a revolutionary platform that showcases the Stone-like aesthetic that homeowners prefer while offering job site efficiencies contractors need. A complete system, with column kit and modular grid, Tandem provides versatility to complement any outdoor living space.

WALLS

The **Tandem Wall system** designed by Belgard® is an innovative, versatile system that can be used to create attractive, curved or straight retaining and freestanding landscape walls. Great for use in a wide range of residential and light commercial hardscape projects.

COLUMNS

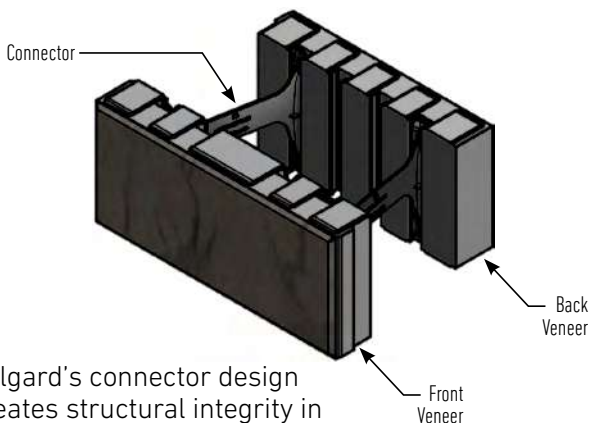

Building columns is easy with the Tandem system. Add a finishing touch to a wall, create a grand entry at the end of a driveway or dress-up an existing deck post with a stone-faced column. Ask your Belgard Representative about our **Tandem® Column Kit** with Steel Cages, Clips and Veneer Units in one convenient package.

MODULAR GRID

Tandem® Modular Grid is a revolutionary system that makes it easy to construct outdoor living elements. Use steel grids and heavy-duty connectors to construct virtually any structure up to 7 ft tall including privacy walls, outdoor benches, kitchens and much more.

HOW IT WORKS

Belgard's connector design creates structural integrity in curved or straight walls.

BENEFITS BY THE NUMBERS:

- Meets additional ASTM standards (C-1372 & C-1262)
- Freestanding walls up to 28"
- Exceeds 5,000 PSI compressive strength concrete
- Engineered 90° corners
- Gravity walls up to 3 ft
- Reinforced walls up to 7 ft

Product Spotlight

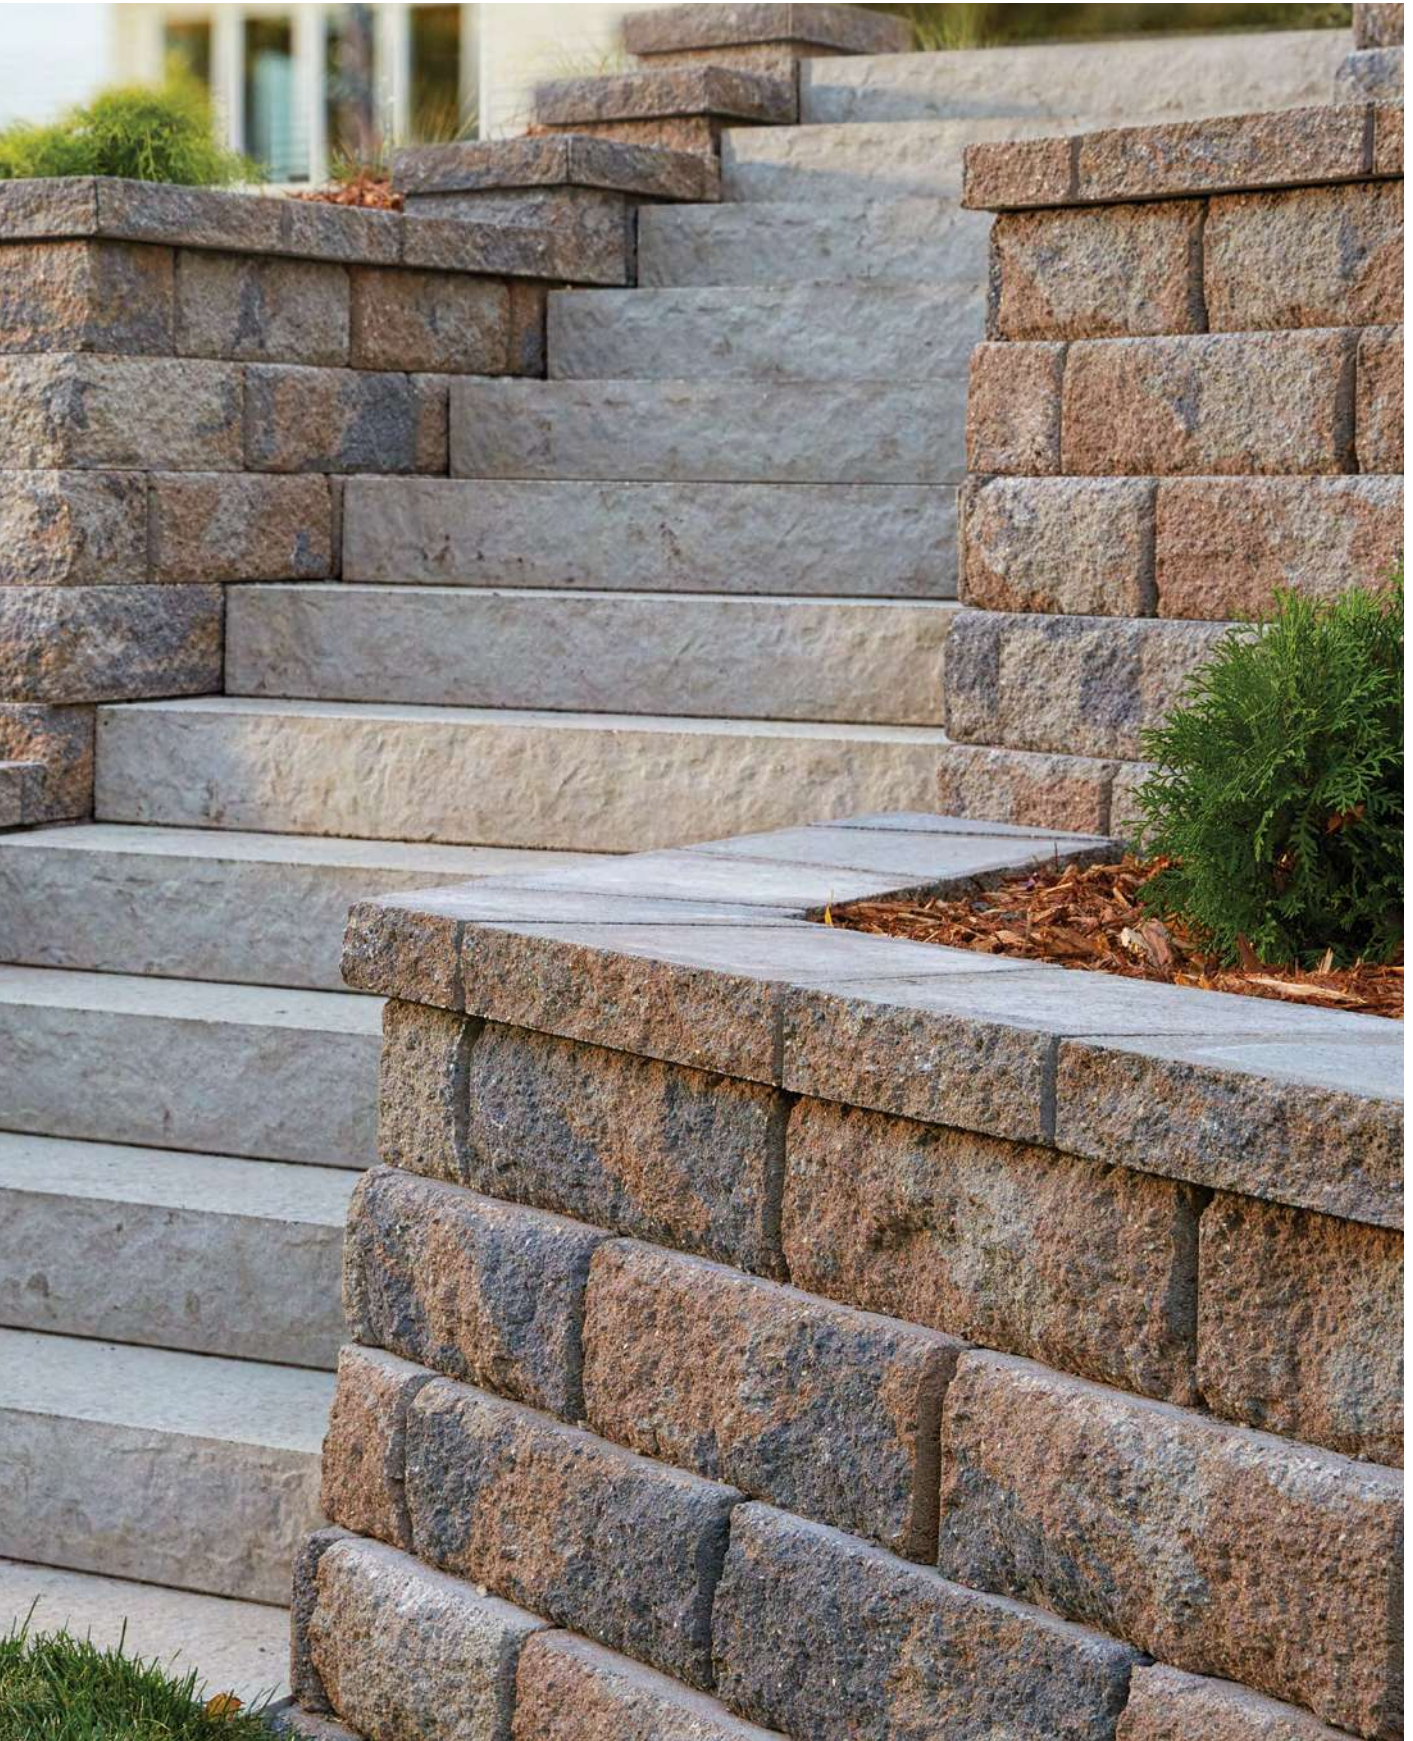

Landings™ Step Unit

The Landings Step unit rivals the look of natural quarried limestone to more efficiently add grand style to entrances, walkways and level changes. The Landings Step Unit can be used as a standalone feature or can be integrated into a landscape or hardscape design. Each unit offers a split-face texture on one side and a smooth face on the others. This allows units to be placed side by side to create wider treads or butted together to create a deeper landing.

OUTDOOR FIRE FEATURES AND KITCHENS

Relaxation Made Simple.

MAKE THE OUTDOORS A LITTLE cozier with Belgard's collection of modular pre-built outdoor fire features and kitchens. With our pre-assembled tailored designs, what you see is what you get, nothing is left to chance. The modularity of the system also allows for a quicker and cleaner installation process, which means you'll be cozied up by the fire by nightfall.

Outdoor Fire Features and Kitchens

Browse our outdoor kitchen collections and fireplace kits to find the right centerpiece for your al fresco experience.

BORDEAUX™ SERIES

A timeless stackstone design that allows the fireplace, the grill island, or the brick oven to become the focal point of your outdoor space.

BRISTOL™ SERIES

A beautiful combination of tumbled block with Arbel® and Urbana® accents, Bristol's rustic look blends well with virtually any landscape.

BRIGHTON™ SERIES

Addresses the need and request for a lower-priced fireplace set. Featuring the same 36" firebox as the Bristol Series, plus a built-in hearth, Brighton is a beautiful option for those on a budget.

Shop Belgard Outdoor Kitchen and Fire Features at Belgard.com/Elements

BRICK OVENS

Inspired by traditional oven designs first used over four thousand years ago. The secret is our authentic, low-height Neapolitan dome design. The design creates a unique FlameRoll, which generates high, even temperatures for balanced cooking and genuine wood-fired taste.

Available in Bordeaux™ and Bristol™ Series.

Bristol™ Series Brick Oven

WESTON STONE™ FIRE PIT KIT

Belgard's Weston Stone Universal Fire Pit Kit installs quickly and offers the clean and contemporary look of tumbled stone. The kit is available in two popular color blends developed to complement most Belgard paving stone and retaining wall types.

Available in Circular and Rectangular Builds.

TANDEM® MODULAR GRID

Easy to install. Versatile. Modular. Simply create your project frame, attach the grid to your structure and clip your Tandem veneers to the grid. Can be used in various applications from deck skirting to outdoor kitchens.

This revolutionary technology radically transforms and improves the properties and behavior of jointing sand, resulting in the first ever true “no dust”, “no haze”, “no waste” sand for a fast and clean installation.

† This product contains no dust from additives.

BEST SELLER

RG+ POLYMERIC SAND

THE ORIGINAL BRAND YOU CAN TRUST

RG+ POLYMERIC SAND

- Inhibits weed growth
- Deters ants and other insects
- Eliminates joint erosion – water, frost heaving, wind, power washing, etc.
- Fast-setting, water resistant 90 minutes after installation
- Stabilizes paver installations - follows movement

Techniseal® jointing sands contribute to LEED credits, based on the use of regional and recycled materials.

NEW

DRiBOND™

ADVANCED DRY MUDSET

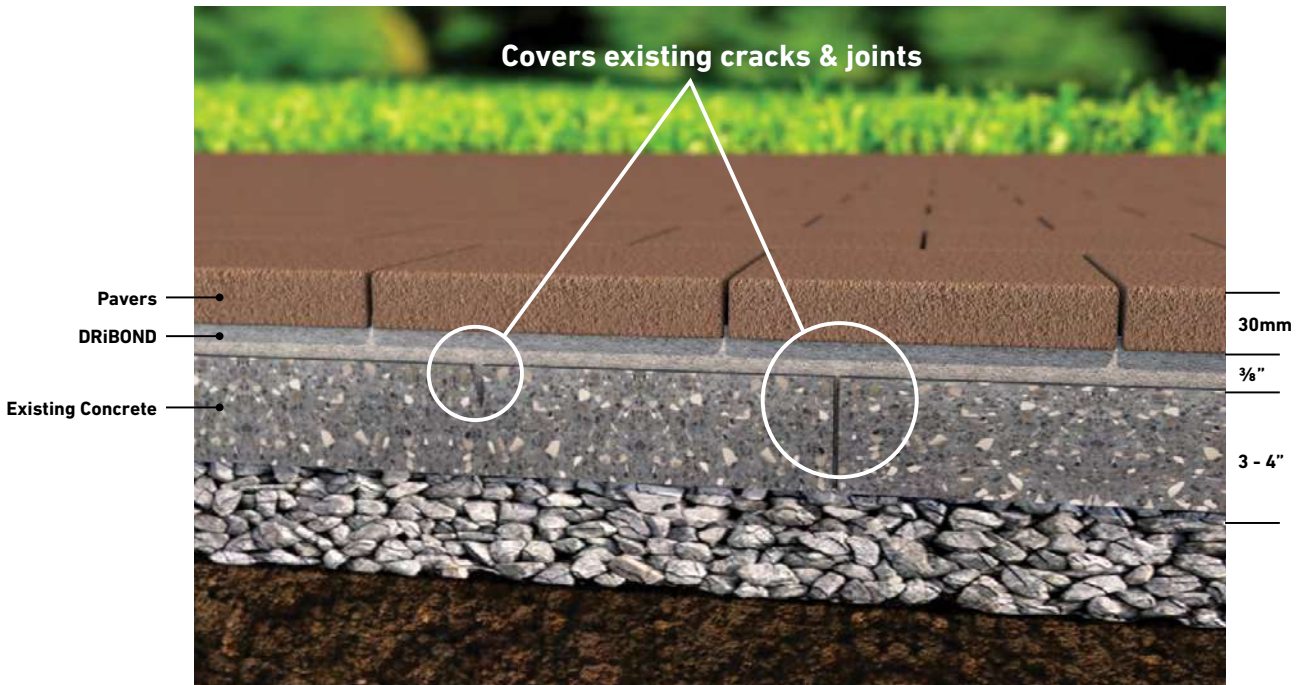

A NEW DRIVEWAY IN A DAY

DRiBOND is a revolutionary product specially designed for the overlay of thin pavers (1" or 30mm) on existing concrete. With DRiBOND, there is no need to remove the existing concrete pavement. It can be installed quickly and easily over most sound concrete surfaces.

DRiBOND™

- Applied directly to existing concrete slab
- No concrete removal — no material disposal
- Ideal for thin paver overlays
- Dry application
- No mixing — ready to use
- Reduces installation time

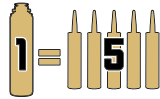

HARDSCAPE ADHESIVE

NEW

STRUCTURE BOND™ FOAM ADHESIVE

- Super-strength hardscape foam adhesive
- Developed for the construction industry
- Precise delivery — no mess, no waste
- Adjustable bead size

RG+ CONCRETE ADHESIVE

- Elastomeric resin-based compound — remains flexible
- Ultra-adherent on dry, wet or frozen surfaces
- Ideal for the construction of retaining walls
- Low-VOC formula

NEW EZ BASE®

PANEL BASE SYSTEM

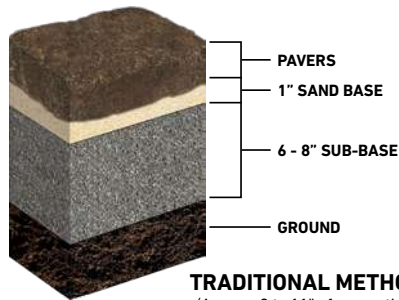

EZ BASE®

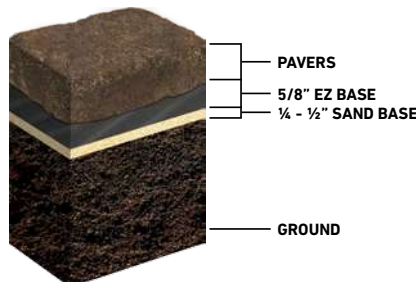

- Easy to install
- Saves up to 8 inches of excavation
- Each panel replaces up to 250 lbs of base aggregates
- Ideal for porcelain tile installation
- Durable — will not degrade in the ground

EZ Base is an innovative new way to install interlocking pavers. These easy-to-install high-density foam panels replace the need for a traditional compacted aggregate layer base system.

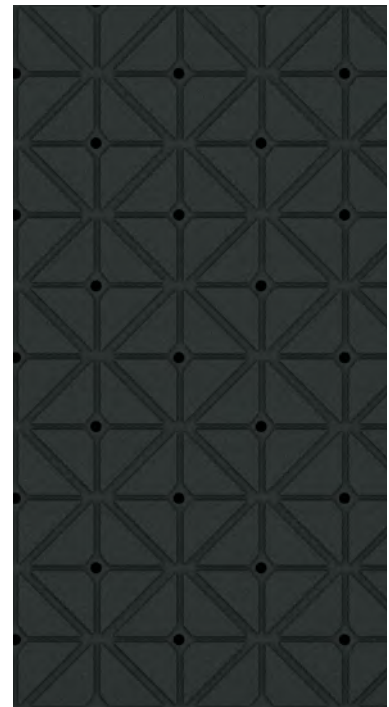

A technology that saves time, labor and money!

TRADITIONAL METHOD
(Approx. 9 to 11" of excavation)

EZ Base METHOD
(Approx. 3" of excavation)

NEW PAVER EDGING

RIGID AND COIL EDGING

The perfect edging for the perfect, durable hardscape project. Techniseal offers edging products to meet the demands of any paver project.

8-FOOT RIGID PAVER EDGING

CUT on THE GO Design System

- Easy snap connection
- Can easily be cut on the ground
- Convenient and easy to use
- Heavy duty injection molded
- Made from 100% recycled material

40-FOOT COIL PAVER EDGING – STANDARD 40-FOOT COIL PAVER EDGING – LOW PROFILE

40 feet of Edging in a Compact Package

- Saves product from being damaged
- Easy to handle
- Flexible and durable
- Makes it easy to create aggressive curves
- Compact coil offers 40' of edging in a small package
- No more messy broken bundles
- Made from 100% recycled material

Paver Care

What ages concrete pavers? Although concrete pavers are extremely durable, they are not impervious to time and nature. Over time, the surface can begin to wear, exposing more of the aggregates underneath and making the color appear faded. In addition, unprotected pavers are more easily stained by accidental spills, automobile fluid leaks, organic debris, soluble salts and various environmental factors.

Can I stop or slow concrete pavers from aging? Absolutely. The application of a high-quality protective sealant will slow down the clock and keep pavers looking newer, longer. Embrace proper application and decide what's best for your pavers.

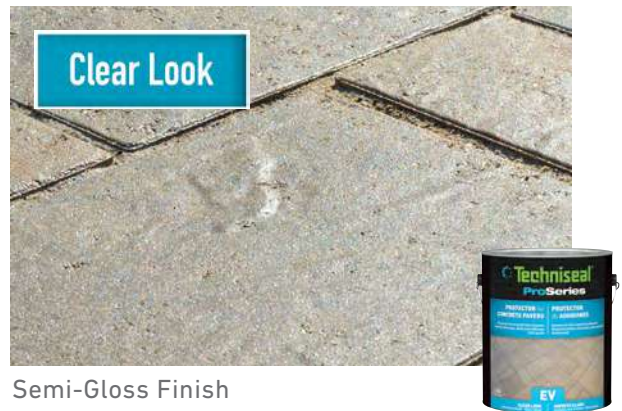

THE ULTIMATE PROTECTION SYSTEM

Techniseal® ensures a 3-step treatment system guarantees the best results. Remove stains with the correct specially formulated Stain Remover, prepare the surface with a Paver Prep, then apply a Protector that delivers the look you want.

Choice of 4 Looks & Finishes

Matte Finish

Semi-Gloss Finish

Cognac

Colors, Textures & Styles

GET CREATIVE

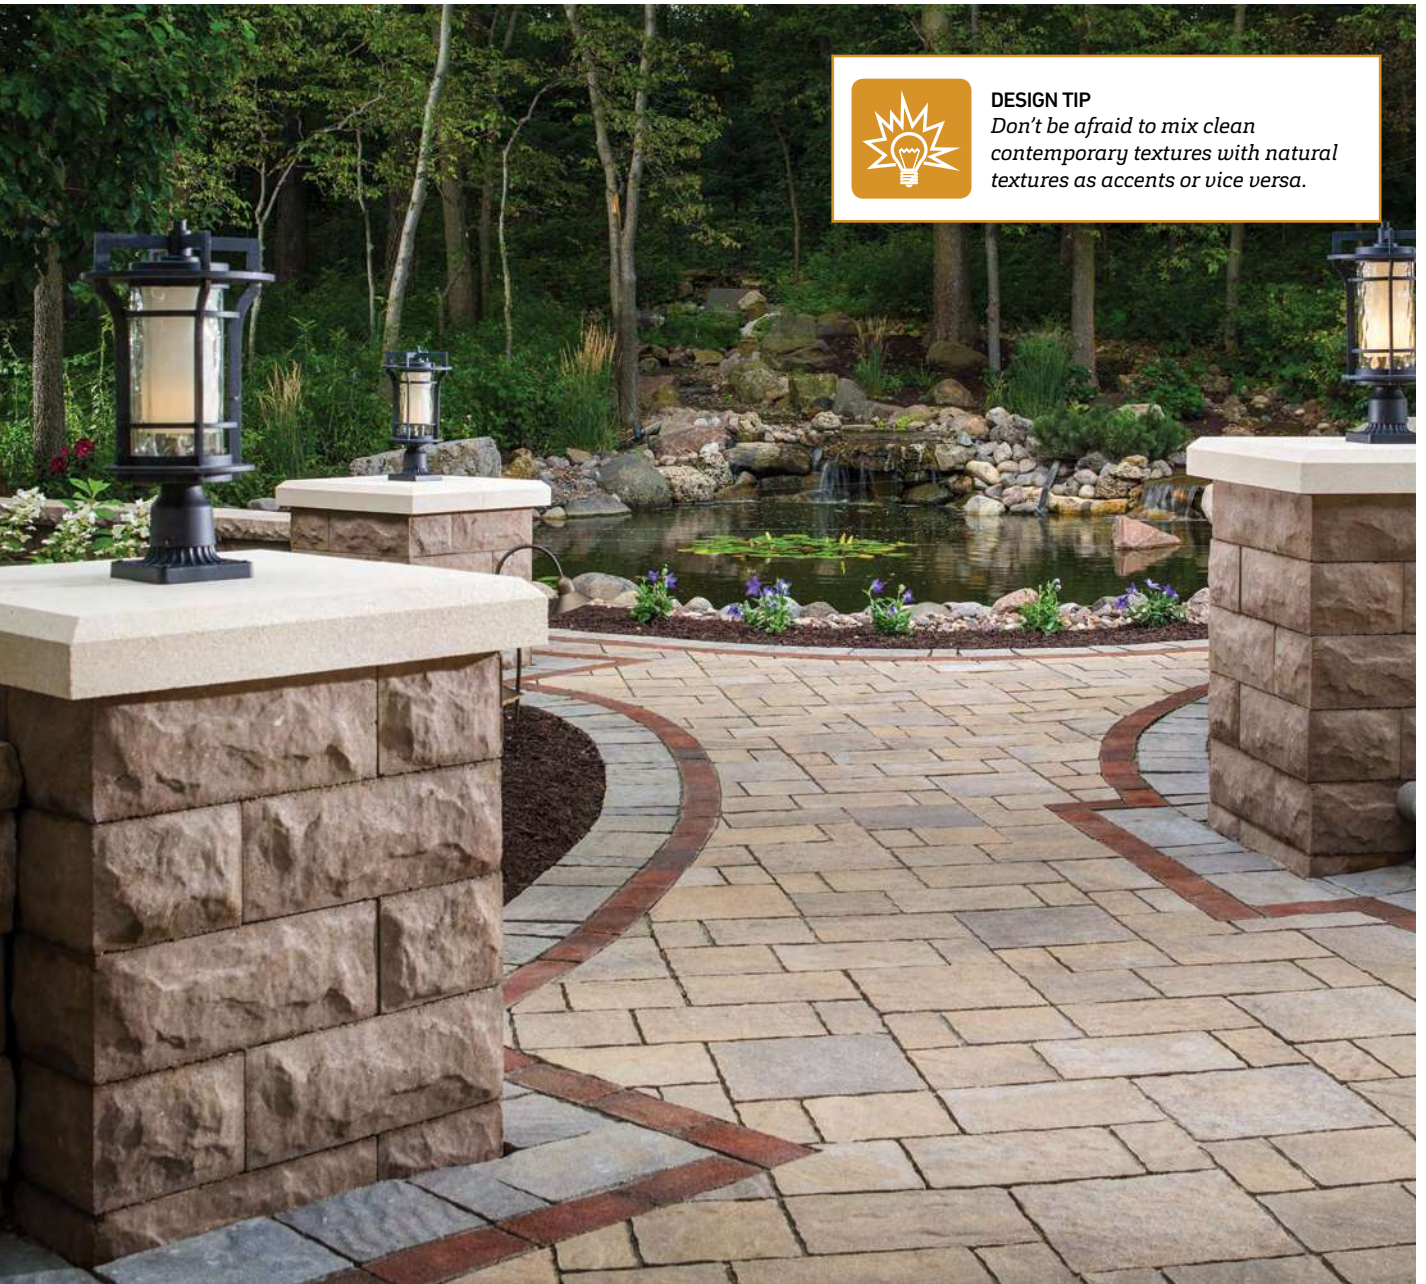

Feel free to mix it up! Use different paver styles, textures and colors to add visual interest and beauty to your next project. Whether it's a contrasting border, inlaid border, or an inlaid rug design, there are endless combinations to consider when designing your space. Draw inspiration from rug designs, tile or your own imagination to make your project unique and exciting.

BELOW: This beautiful outdoor patio features our classic Urbana, with inlaid Holland Stone and an accenting border in Urbana. The result is an intriguing mix of old and new!

DESIGN TIP

Don't be afraid to mix clean contemporary textures with natural textures as accents or vice versa.

ACCENTS

Once you have selected your primary paver, don't forget to accent the space with borders and circles. Similar to how an area rug can warmly greet guests into your living room, an inlaid circle kit in your patio can have the same effect as you and your guests retreat outside underneath the pergola to enjoy a fire in the fireplace.

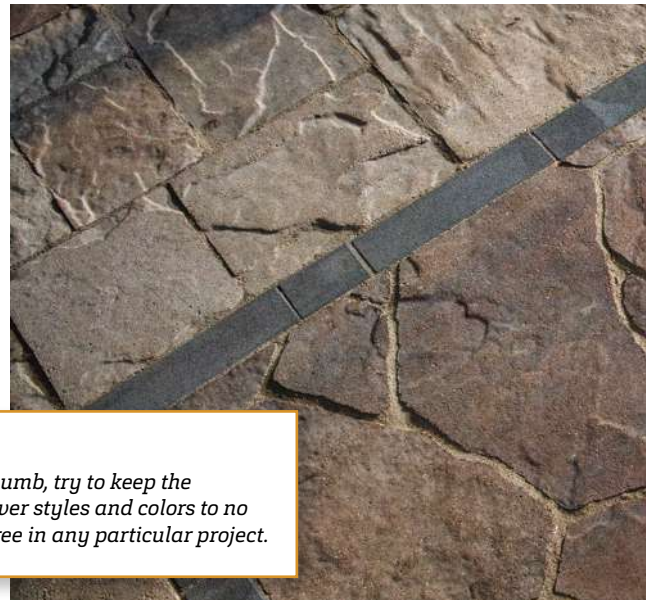

TOP: Adding a Bergerac or Dublin Cobble circle kit into your patio, driveway, or pool deck design can break-up large expansive paved areas or draw attention to a specific focal point of your outdoor living area.

BOTTOM LEFT: Contrasting arches of Old York pavers add a whimsical touch to this Lafitt Rustic Slab patio.

BOTTOM RIGHT: A Moduline Series border around a section of Mega-Libre pavers creates the look of an inlaid rug for this Mega-Lafitt patio.

INLAID CONTRASTING BORDERS

DESIGN TIP

As a rule of thumb, try to keep the number of paver styles and colors to no more than three in any particular project.

Understanding the Process

BELGARD® WILL IMPROVE THE BEAUTY AND VALUE OF YOUR HOME.

But like any construction project, it's necessary to have as much information as possible before you begin the process. With that in mind, this next section is dedicated to helping you make the best decisions and understand what to expect before you get started with your project.

YOUR LANDING SPOT FOR INSPIRATION

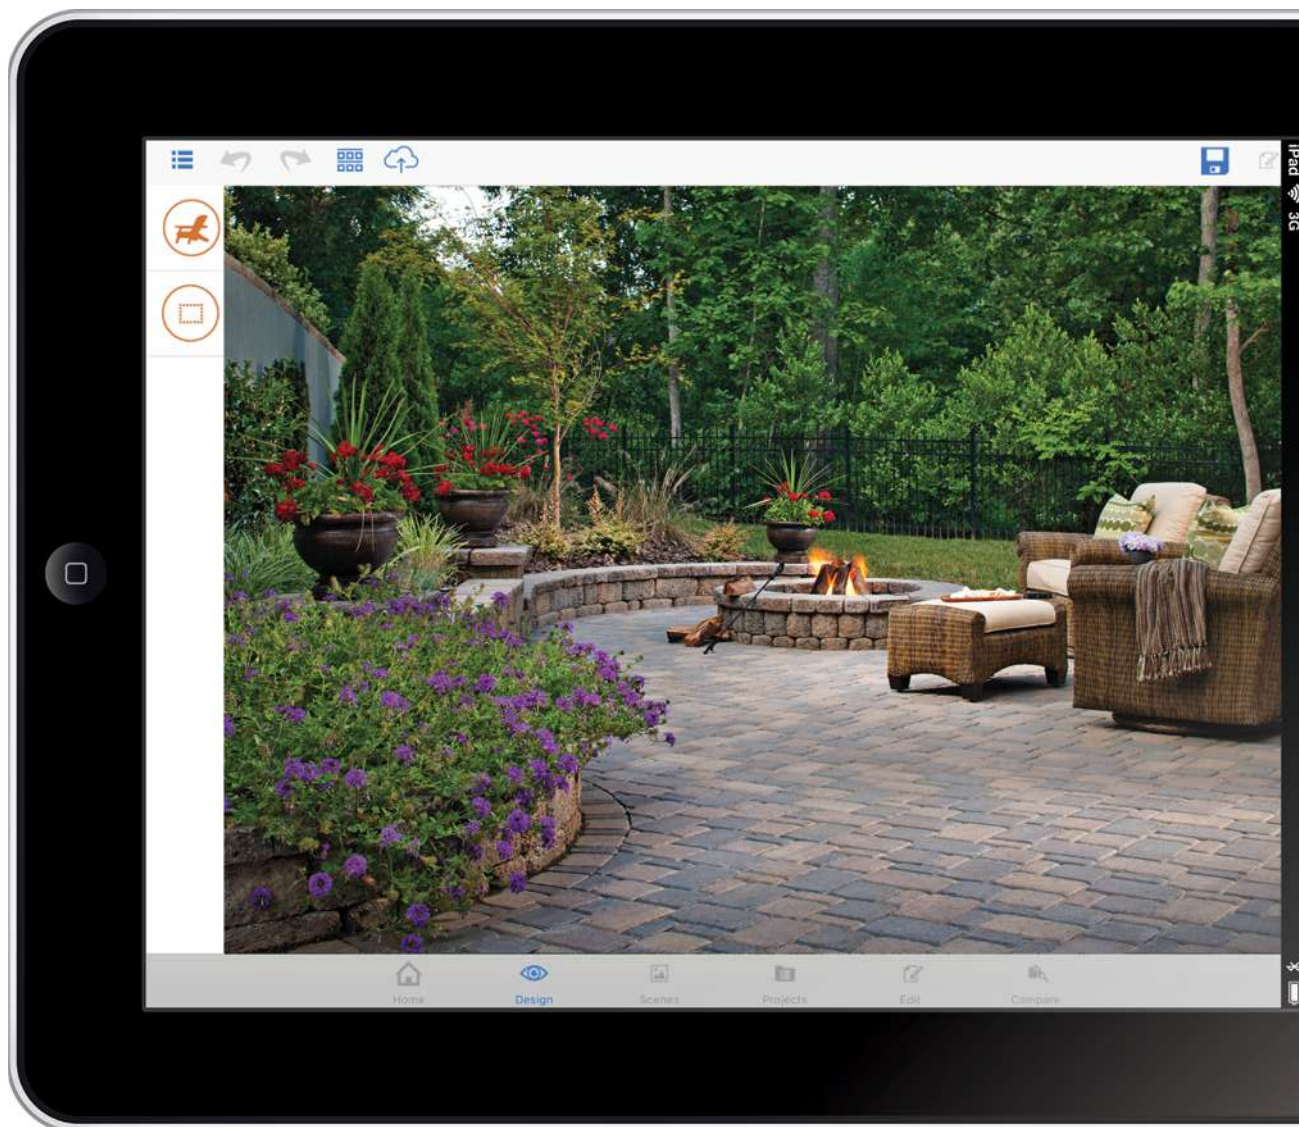

For the full Belgard experience visit us online at [Belgard.com/Inspiration](https://www.belgard.com/Inspiration).

VISUALIZE YOUR PROJECT

Belgard's online **Project Visualizer** allows you to be your own hardscape designer. Choose from our image library of patios, driveways and walkways, or upload your own photo to experiment with paver styles and colors and explore an infinite number of design possibilities.

Ready to "Visualize" Your Backyard Makeover?

Visit [Belgard.com/Seeit](https://www.belgard.com/Seeit)

Belgard® Design Studio

YOUR VISION – BROUGHT TO LIFE

By partnering with a Belgard Authorized Contractor (BAC), your dream outdoor space can be brought to life with 3-D renderings crafted by our Belgard Design Studio.

With our expert design team, they integrate photos of your home's exterior with sketches from your contractor, to give you a realistic vision of your future space.

This process enables you and your contractor to collaborate and agree on your vision before the first paver is ever laid, avoiding future compromises or surprises. We have a number of sample projects and plans available in our design gallery for inspiration. You can even request to have the plan retrofitted so it harmonizes with the characteristics and site features of your property. Please contact a Belgard Authorized Contractor to learn more. Visit Belgard.com/Locator.

DESIGN TIP

3-D design images include furniture placement, potential landscaping, and existing structures and design elements, which helps create a realistic preview of the future space.

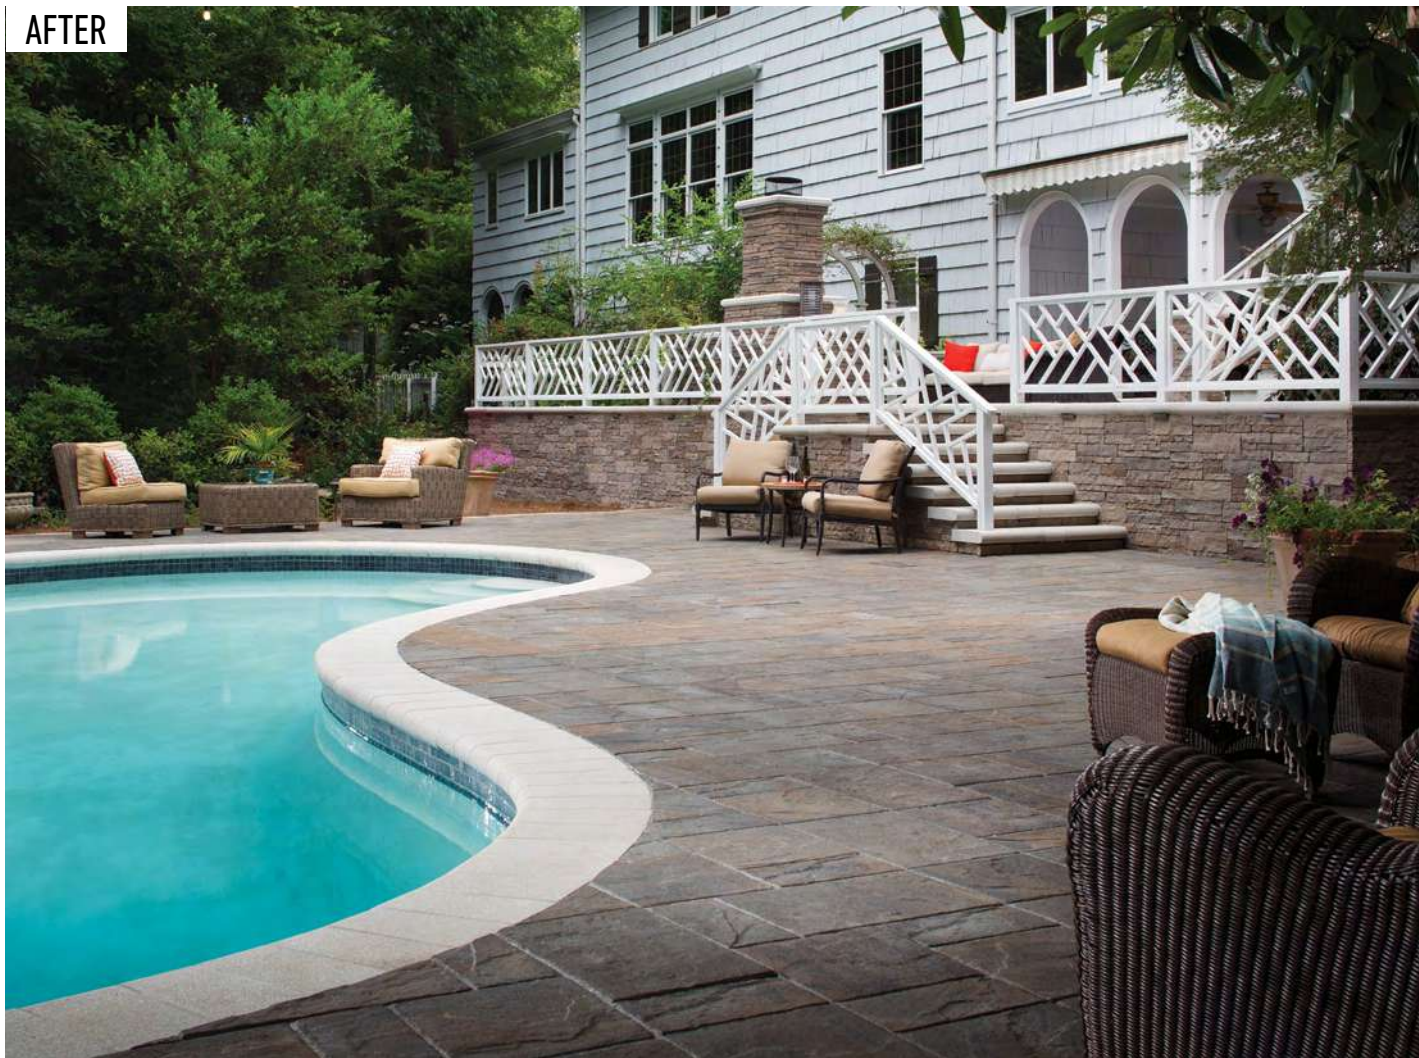

NEXT GENERATION TOOLS TO VISUALIZE YOUR OUTDOOR SPACE

Experience your dream outdoor space like never before, by seeing the design of your space using Belgard Design Studio's Virtual Reality platform. When you work with your Belgard Authorized Contractor, you can ask the project to be designed in 3-D on a virtual reality setting, which will allow you to experience your dream space from multiple vantage points – all from the comfort of your home. To learn more, visit Belgard.com/BDS.

AFTER

Selecting a Contractor

A hardscape project is an important investment in your home, and selecting the right contractor is a critical decision. Don't be afraid to ask a lot of questions. It's important that you get to know your contractor so that you can work together as a team to create your ideal outdoor living space.

What to Ask

- Installing hardscapes is a **SPECIALIZED SKILL** that requires training and experience. Inquire about specialized certifications and training from organizations like the Interlocking Concrete Paver Institute (ICPI). All **Belgard® Authorized Contractors** are required to have at least one team member who is ICPI certified and must meet annual requirements to maintain the company's "authorized" status.
- Ask for **CUSTOMER REFERENCES** and to see photos of past projects, both for design ideas and to get a sense of the contractor's level of creativity, expertise and work ethic. Ask for an address or two and check out the workmanship up close, with the homeowner's permission of course.
- Determine upfront which aspects of the project the contractor can handle. Will their team manage aspects like **LANDSCAPING, PLUMBING, IRRIGATION AND LIGHTING** – or will you be expected to handle this separately?
- Be sure to get a complete understanding of **PAYMENT TERMS** and estimated start date and turn-around time.
- It's important to hire a contractor who can provide **PROOF OF INSURANCE** and is able to guarantee their work for a period of at least one year after the installation.

CHECKLIST FOR CONTRACTOR:

- | | |
|--|---|
| <input type="checkbox"/> Industry Certification (ICPI, NCMA, SRW) | <input type="checkbox"/> Work Schedule |
| <input type="checkbox"/> Proof of Insurance | <input type="checkbox"/> Price Estimate |
| <input type="checkbox"/> Workmanship Guarantee
(one year minimum) | <input type="checkbox"/> Scope of Work/Contract |
| <input type="checkbox"/> Business License/Contractor's license
(where applicable) | <input type="checkbox"/> Referrals |

To find a Belgard Authorized Contractor or Dealer
visit **Belgard.com/Locator**

Belgard Preferred Payment[®]

With the **Belgard Preferred Payment** program, you can complete your outdoor project in just a few weeks, instead of phasing it out over several months or years. Available only through Belgard Authorized Contractors or Dealers, Preferred Payment offers same-as-cash financing that allows you to start your project immediately. There are often construction economies that can be achieved by doing the entire project at once, which could save you both money and time. Plus, you get to start enjoying your dream outdoor living space much sooner! To learn more visit us at **Belgard.com/BPP**

Benefits of Belgard financing include:

- No payments or interest on approved credit
- Quick, easy and safe toll-free loan-by-phone application process
- No paperwork
- A credit decision in about 10 minutes
- No application fees, no closing costs and no prepayment penalties

Peace of Mind, Guaranteed

LIFETIME TRANSFERABLE LIMITED WARRANTY

Oldcastle® Architectural, Inc. ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard® guarantees its Products against these standards for the lifetime of the Product defined by ICPI. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. The original proof of purchase is required.

This warranty is only valid if the material is installed under the guidelines of the ICPI (www.ICPI.org), The NCMA (www.ncma.org) or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job be installed by a Belgard Authorized Contractor who guarantees their workmanship for a minimum of 2 years from the date of install. For warranty service, contact belgard at 1-800-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard product fails to meet the specifications, Belgard will replace the defective product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE. SOME STATES DO NOT ALLOW FOR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

For specific information regarding warranty coverage and exclusions in regards to the Elements and Porcelain Paver products, please visit: Belgard.com/Warranty

Product Quality

At Belgard®, we take our role as industry leaders seriously. Our rigorous research and development program is centered on innovation and quality. We never take it for granted that our products are the best in the business and constantly strive to improve and take the industry to the next level. Our overarching goal is to continue to find new and exciting ways to create beautiful outdoor spaces while maintaining incredibly high standards for product quality and performance.

“*Belgard is by far the best product out there in the hardscapes market. The huge selection gives my clients countless choices to pick from. I’ve used other products, but what sets Belgard above all the rest is their professionalism and support staff, which is crucial to us.*”
