Welcome

At Belgard® we believe that outdoor living is essential to the human spirit. We invite you to begin your outdoor living journey with Belgard. Where your kind of beautiful is the only kind that matters.

Make Outside Your Kind of Beautiful.

Bringing your backyard design dreams to life begins with making a few basic decisions around function and style. Only Belgard® designs dependable, personalized products that combine boundless creativity with fine craftsmanship into lasting outdoor spaces.

FUNCTION: Whether you're building a walkway from your driveway to your front door or a large patio with kitchen area, a key piece in the journey is mapping out how you plan to use your outdoor space. It may be a space designed for quiet evenings for two or evenings with several friends and family. Mapping out your needs and desires for the space, will help with a successful design creation.

STYLE: There are two key considerations when choosing the style of your outdoor space. First, the bigger picture that considers your personal likes and preferences and how the hardscape product will help you carry out that look.

Once you understand the bigger picture, consider the three pillars of hardscape style - **Color. Texture. Shape.** Belgard offers a uniquely tailored collection of hardscapes designed to help you achieve any style distinction you may be looking to accomplish.

COLOR: Choose from a palette of natural hues designed to work in harmony with a variety of home environments.

TEXTURE: Add visual interest with antique, classic or natural surface treatments.

SHAPE: Mix or Match natural, classic and transitional paver shapes to create one-of-a-kind designs.

We invite you to explore more outdoor design principles and get expert advice to help guide you to the perfect space at [Belgard.com/Beautiful](https://www.belgard.com/Beautiful).

Urbana® Stone

Mega-Bergerac®

Mega-Arbel®

A stainless steel grill is mounted on a stone island. The island has a countertop with a watermelon, a lantern, and some onions. The grill has a stainless steel cabinet below it. The scene is lit with warm, ambient lighting, including a hanging lantern and recessed lights in the stone. In the background, there is a white building and a white fence.

LIGHTING ACCENTS

As we all migrate to the outdoors for evenings of cool breezes and casual conversation, lighting is essential. Lights that are too bright attract bugs and mosquitoes. But, subtle low voltage lighting at ground level adds character, a sense of elegance and the feel of relaxation at the end of the day.

Outdoor Kitchens

According to The National Association of Home Builders an *outdoor kitchen* addition can increase the value of your home, and bring upwards of 130 percent return on initial investment.

FINISHING TOUCHES

In any design it's the little details that are the most important. The ones that show the thought and sophistication put into an idea. This is no less important in planning your outdoor landscaping and thankfully, Belgard offers curb units & hardscape edging that will complement your driveway, patio, walking paths and more.

PERMEABLE PAVERS

Permeable pavers for hardscaping are rapidly gaining popularity over ready mix concrete due to their ability to reduce water runoff, which can cause flooding and erosion, and pollute local water supplies.

Driveways

A beautiful, well-maintained *driveway* increases curb appeal & adds value to your home.

ECO DUBLIN®

Belgard brings the classic look of cut stone together with contemporary materials technology in Eco Dublin, the latest addition to our Environmental Collection of permeable paver systems that reduce water run-off.

WHY BELGARD? ATTAINABLE.

Belgard offers same-as-cash financing options through select Belgard Authorized Contractors and Dealers.
